

CORPORATE PROFILE

Primary Business

Conrad Kacsik Instrument Systems is a full service system integrator that distributes, services, and provides certified calibration for process control instrumentation and process control systems.

Location

Conrad Kacsik, is headquartered in Solon OH, and operates branch offices in Charlotte, NC; Dallas, TX; Knoxville, TN; Tampa, FL; Tulsa, OK; and Fremont, CA.

Corporate History

Conrad Kacsik, was established in 1977 by Jacob (Jake) Kacsik, and has earned a reputation for service, and dependability. Conrad Kacsik strives to provide exacting quality standards and implement technology innovations for its customers. This focus on quality has earned CK tremendous customer loyalty - we've retained over 95% of our customers over 3 decades.

Quality Certification

Conrad Kacsik is ISO 9001 registered and maintains ISO- IEC 17025 Accreditation with A2LA. CK provides NIST traceable calibration and maintenance service for process control equipment. Conrad Kacsik is an approved vendor for all major aircraft manufacturers.

Market Scope

Conrad Kacsik serves the entire North American market, including Canada, Mexico, and the United States. Conrad Kacsik meets the needs of a variety of customers and markets, including commercial and captive heat-treat, forging and foundry operations, steel, automotive, petrochemical and pharmaceutical industries.

Employment

Conrad Kacsik's experienced employees are the foundation of our success and the reason we can offer such exceptional service. Many have been with CK since the beginning of the business.

Business Relationships

Conrad Kacsik's mission is to provide the highest caliber of service possible to our customers. This simple mission has developed close, mutually profitable relationships with our customers, that have lasted for decades. CK's factory trained field service team specializes in servicing Honeywell, Yokogawa, Marathon, Eurotherm, Watlow, and Barber Coleman instrumentation. In partnering with Conrad Kacsik, you are working with a respected industry leader.

Product Line & Service Description

The company's unique strength results from the synergy of having both **Service** and **Sales** operating as one organization.

Service

- Temperature and Process Control Instrument Repair and Calibration
- Temperature Uniformity Surveys and Process Verification Trials
- System Engineering, Installation & Start-up for Turn Key Projects
- Inspection, Troubleshooting and Maintenance for Furnace, Safety, and Combustion Systems
- On site Metrology Lab, offering Instrument Calibration and Repair

Sales

Conrad Kacsik stock's and distributes products from leading manufactures such as Yokogawa, Honeywell, Watlow Electric, Watlow Gordon, Eclipse Combustion and Karl Dungs. Same day shipments of temperature controls, limits, thermocouples, survey wire, recording chart paper and other supplies common to the thermal processing industry are possible from the company's working inventory.

Conrad Kacsik has provided decades of profitable customer service by striving to not only meet, but exceed customer expectations.

SERVING:

- ⇒ Aerospace Industry
- ⇒ Automotive Industry
- ⇒ Pharmaceutical Industry
- ⇒ Electronic Industry
- ⇒ Thermal Treatment Industry

**“ASSURING PROCESS, PRODUCT, QUALITY
& SAFETY STANDARDS ARE MET.”**

Our Metrology Lab has the capability to service the following equipment and many more:

Multimeters-up to 6 1/2 digit	Oscilloscopes—to 600 MHz
Voltmeters, Ammeters, Ohmmeters	Process Calibrators
Current Clamp and Clamp Meters	Thermocouple and RTD
Resistance Decade Boxes	Thermometers and Simulators
Panel Meters	Temperature Probes
Watt Meters	Strip and Chart Recorders
Power Harmonics Analyzers	Instrument Controllers
Data Loggers	Pyrometer
Power Supplies	Tachometers, Contact and Sensor
